## WELCOME TRAINEE

## Hello HATC-nian,

We are excited to get you on board the training and be part of Health Alliance Training Center (HATC) family. We know that you will benefit greatly from the time that you will spend here. Our mission at HATC is to help you grow professionally, socially, mentally and physically. We know that you will find great opportunities for personal development and achievement during your time here.

As you prepare to arrive on your first Day, a few items require your attention. Included with this letter or handed over to you are two important items listed below; Its already been discussed in your orientation but please take time to read all the things written there, have it kept for future reference while you are in the training tenter.

1. Trainee Handbook 2. Trainee Card

The HATC volunteer staff will do its best to make HATC a place where creative and intellectual experiences of lasting importance with, but we count on you to help us reach that goal, no matter who you are or where you've come from or what you want to learn here. Very little can happen without the enthusiasm and participation of the trainees. There are countless ways to make good use of your time at HATC, but they all begin with curiosity, a willingness to meet new people and try new things, and a desire to make your mark. Let us help you do that.

We look forward to getting to know you as the year unfolds.

Your Friendly Caregivers,

If you have any questions regarding documentary requirements or concerns, please contact the Administrations Office, and also you can find more useful information at <a href="https://www.healthalliancetrainingcenter.com">www.healthalliancetrainingcenter.com</a> and click on to the Trainee's Life Page.
